

Current behavior

The image shows a web browser window with a single tab titled "Superset". The address bar contains the URL "https://my.superset.io/sqlab". The page header includes the Superset logo and the text "SQL Lab" with a dropdown arrow. Below the header, there is a section labeled "My Query" with a plus icon to its right. On the left side of this section, there are three empty input fields. The main area is a code editor containing the SQL query: 

```
1 SELECT * FROM aaa WHERE bbb=ccc
2
3
```

 Below the code editor, there are three buttons: "Run", "Save", and "Share".

User creates a query in a tab inside SQL Lab
