

# Network Mockups

Exported at: Wed Oct 28 2015 21:01:14 GMT+0530 (IST)

## Host Tab

The screenshot shows the Kimchi web interface. At the top left is the Kimchi logo, a colorful swirl icon next to the text "Kimchi". Below the logo is a navigation bar with several tabs: "Host", "Virtualization", and "Containers". The "Host" tab is currently selected. Below this is a secondary navigation bar with tabs: "Dashboard", "Network", "Storage", "Update", "Administration", and "Power". The "Storage" tab is highlighted in a darker blue, indicating it is the active sub-tab. The main content area below the navigation bars is currently empty.

Click on storage sub tab to see the detail:

Host

Virtualization

Containers

Dashboard

Network

Storage

Update

Administration

Power
