Title: Measure numbers not displayed on music sheet

Description: In the Preview Sheet Music window, the measure number is not displayed for each measure.
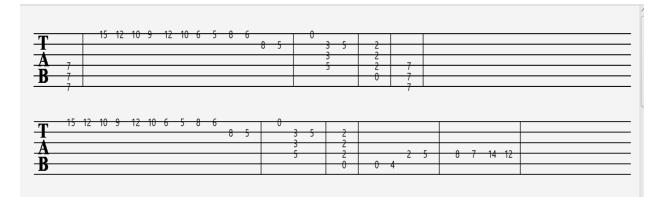

Steps to reproduce:
1. Run the application.
2. Enter a long guitar tablature.
3. Click the Preview Sheet Music button.

Expected Result: The expectation was that the user would be able to see all the measures numbered on the Preview Sheet Music Window or the number of the first measure of each line as shown below.

Actual Result: The measures are not numbered.
