mutambaraf commented on Oct 24, 2023

Description of the feature

There need to add the new proposal system database to the merge tool so we can keep it synchronised with the new user numbers after an update.

Why is this needed?

To update entries in the new proposal system database.

Who is this for?

Area(s) affected

This is affecting fetching of proposal system users from the users table if the user number has been updated.
