Installing Modules

- 1. Connect your Raspberry Pi to the internet using an ethernet cable and turn it on
- 2. Connect to the RACHEL-Pi wireless network with another device.
- 3. Go to <u>http://www.rachel.pi</u> or 10.10.10.10 in your browser

* If you're using a router you can browse to the IP address your router provided your pi instead of connecting to the RACHEL-Pi wifi network.

4. Click the admin button
